

Accounting Principles, Standards and Conventions

This course is a welcome addition to our comprehensive range of financial administration and management courses. It provides an overview of business finance and accounting - a core skill that's often in demand, particularly if you're looking for promotion, additional responsibility or to broaden your opportunities.

During the course you'll explore how and why financial information is measured, as well as get to grips with assets, liability, balance sheets and other key terms. You will also receive a glossary to help you understand important financial terms.

Principles, Standards and Conventions of Accounting lasts between 8 - 15 hours and is provided in an e-learning format so you can learn at home, at a pace to suit you. Every Pitman Training Centre also has Course Advisors, so there is always additional support on hand should you feel it necessary.

What's more, our online system will help you track your progress and take you straight back to where you left off, as well as help build your motivation. There is also a generous six-month window to complete the programme. You don't need to load software onto your computer and you'll need broadband, plus Microsoft Word 97 or above (or a word-processing program fully compatible with Word).

On completing the course, you will have earned a highly regarded Pitman Training Certificate. Pitman Training is highly regarded by employers; yet again top business professionals in the UK have voted Pitman Training to be the UK's top independent training brand, through achieving Business Superbrand status.

Designed for

Anyone who needs to improve their understanding of Accounting principles. Experienced individuals being given, or looking for, more responsibility
