

# Dreamweaver CC with Pitman Training

The scope for a career in the digital industry is huge, but it's essential to have the right skills and know-how to put you ahead of the competition.

Adobe Dreamweaver CC is the latest release of this renowned web design software and this online training course will help you learn all its essential tools and features. Covering elements such as planning and create a website, wireframes, tables, images, hyperlinks, CSS and multimedia, you'll become well equipped to build a website using Dreamweaver.

This Dreamweaver CC course is based online so you can decide where and when you want to study, giving a huge amount of flexibility. You'll have access to 24/7 online support as well as the support of a Course Advisor should you need it.

## Designed for

The Dreamweaver CC course is for anyone who is looking to work as a Web Designer or Web Developer and is suitable for those at beginner level.

## Objectives

This course is designed to teach you the ins and outs of the new Dreamweaver CC software so that you can confidently create and manage web and mobile content.
