Flash CC with Pitman Training

With the ongoing rise of the digital generation, web based media rich in animation can be seen across the internet, providing a full multimedia experience for viewers. Businesses and marketeers alike are keen to integrate these experiences for their audiences, and as such, having the expertise and capability to work with Flash CC under your belt, is a desirable plus point for many web and graphic design based roles.

Updated with the latest version of Adobe Flash Professional CC software, to really guide you through the specifics required to enable interactive authoring and delivery of immersive experiences across multichannel platforms, including; mobile devices, computers and screens of virtually any resolution.

Learn how to master the Adobe CC features and become a "Rich Media Communicator".

Your local Course Advisor will be able to recommend other courses which will support your web design knowledge, and provide further information on this course.
