Animate CC

The Adobe Animate CC course will help you learn how to create online animations. Such animations are found all over the internet on websites, online videos, video games, advertisements, cartoons etc. It is an essential program for anyone wanting to work in a creative online animation role.

IS THIS FOR YOU?

If you want to work in web development or a creative professional role where you're creating exciting, innovative and animated media, then understanding the Animate CC interface and features will maximise your success. Those looking at roles such as digital animator, app developer, graphic design or video producer for example will all benefit from this training.

ABOUT THIS COURSE

The Adobe Animate program is part of the Creative Cloud set of applications. Animate CC is what was previously known was Adobe Flash Professional. You'll still find all the useful Flash tools within Animate CC, however you'll now have an improved interface and additional features that will enable you to create some truly exciting animations.

There are five sessions within this course:

Session 1 - Welcome to Animate CC, Project Considerations and Project Management.

Session 2 - Key Terminology, Design Principles and Best Practices, Typography and Animate Platforms.

Session 3 - Interface Elements, Tool, Workspaces, Design Tools, Motion Editor, Layers & Masks and Symbols.

Session 4 - Create a New Project, Import and Modify Graphics, Text Boxes, Symbols and Instances, Create Animations, Add Controls through ActionScript, Masks & Sounds as well as Add and Export Video.

Section 5 - Technical & Usability Tests, Animate File Types, Publish & Export and Conclusion.

AIMS AND OBJECTIVES

The aim of this course is to teach you how to create rich animated media content using the Animate CC program.

If you're looking to sit the Animate CC ACA exam, this course has been carefully mapped to cover the objectives found in that particular examination.

CAREER PATH

This course will enable you to work towards roles such as Senior Flash Animator, Senior Flash Designer, Web Designer/Developer or Animator.
